PART #2: INSTRUCTIONS

Procedure

Vendors who meet these qualifications shall then be deemed to be pre-qualified to participate in subsequent Requests for Quote (RFQ) as required by the County. When such Requests for Quote (RFQ) purchases are initiated, the pre-qualified vendors shall be invited to offer a fixed price for a specific individual purchase, or a specific purchasing period. The vendor then offering the lowest fixed price quoted shall be awarded for the specific period or specific purchase.

License

The department shall require from the vendors a copy of the updated license prior to the award of a RFQ

Legislation

1) Cone of Silence

Pursuant to Section 2-11.1(t) of the County Code, Request to Quotes are subject to the Cone of Silence. A copy of the Section may be obtained online at <http://library.municode.com/index.aspx?clientId=10620>

- 2) **The Bid Preference shall be applied first** to the offers received from certified Micro/SBE vendors. A Micro/SBE vendor must be certified by the Sustainability, Planning and Economic Enhancement Department for the type of goods and/or services the vendor provides in accordance with the following Commodity code(s) (595 and 988). The following link may be accessed to verify if a firm is a Micro/SBE vendor http://www.miamidade.gov/sba/library/certify_all_by_firms.pdf. For the County Code log on to <http://library.municode.com/index.aspx?clientId=10620>.

For contracts valued over \$1 million, an SBE Preference of 5% is applied to a SBE's offer (for the purpose of evaluation ONLY). For contracts valued up to \$1 million, an SBE Preference of 10% is applied (for the purpose of evaluation ONLY). If the SBE is the responsible, responsive low bidder following the evaluation process, the price that the county will pay the awarded firm is the original price offered (excluding the 5% or 10% evaluation factors).

- 3) **Local Preference should be applied second** in accordance with Section 2-8.5 of the Miami Dade County Code(<http://library.municode.com/index.aspx?clientId=10620&stateId=9&stateName=Florida>) at the time user departments request quotations from the pre-qualified vendors. When a responsive bid from a Miami-Dade local business is within 10% of the lowest price submitted by a responsive non-local business, the local business and the non-local low vendor shall have the opportunity to submit a **best and final (BAFO)** bid equal to or lower than the amount of the low bid previously submitted by the non-local business. For definition of a local business see Section 1.10 of the Invitation to Bid.

4) Departments using Federal Funds

The County uses a variety of funding sources, including grants to pay for products and services that may prohibit the application of measures (Section 2.2); local preference (Section 1.10); IG (Section 1.26) and; UAP (Section 2.21). When a issuing a Request to Quote, (RTQ) you must identify the section(s) that are not applicable to the product and / or service being purchased in the form.
